To Parent/Carers of Year 5

5<sup>th</sup> June 2017

Dear Parents / Carers

It is that time of the year where we will be speaking to the children about puberty.

The year five PSHE curriculum states that the children need to be taught the effect of puberty on the body. It is very important that they are prepared for these changes.

The session is building on the children's knowledge of Living Things in science, making the link to how the human body prepares for reproduction. It will be taught as a class and allows the children time to discuss the similarities and differences in the changes affecting girls and boys.

If you have any concerns or issues you feel you need to raise, please speak to your child's class teacher.

Kind regards

Mrs Cheema

Mr Roberts

Miss Cottee

Miss Green

Year group leader

Class teacher

Interim Class teacher

Class teacher
